Luna and 3 of her 7 look-alike puppies

Nala and her newborns (in a bathtub). Nala had seven puppies in 20-something degree weather with no shelter. Three died. The four remaining pups are doing well.

Sheba, Dora, and Carmella (below) were at the same property, without shelter.

The wonderful people with Blount County Animal Welfare Society (BCAWS) provided dog houses and food, and were eventually able to convince the owner (in jail) to surrender the animals.
