## Mission

The **GoNorth Transport Collaborative** is a group of east Tennessee animal shelters that transport animals to under-capacity shelters in areas with high adoption demand. *The mission of the GoNorth project is to eliminate euthanasia for space in participating shelters.*

Most shelters in east Tennessee are perpetually overcrowded due to random breeding by the large number of unaltered pets in our communities. In parts of the country where pets are routinely spayed or neutered, pet overpopulation is not a problem. Transporting animals from crowded shelters to shelters that have room for them is a lifesaving strategy to avoid euthanasia for space.

## Operation

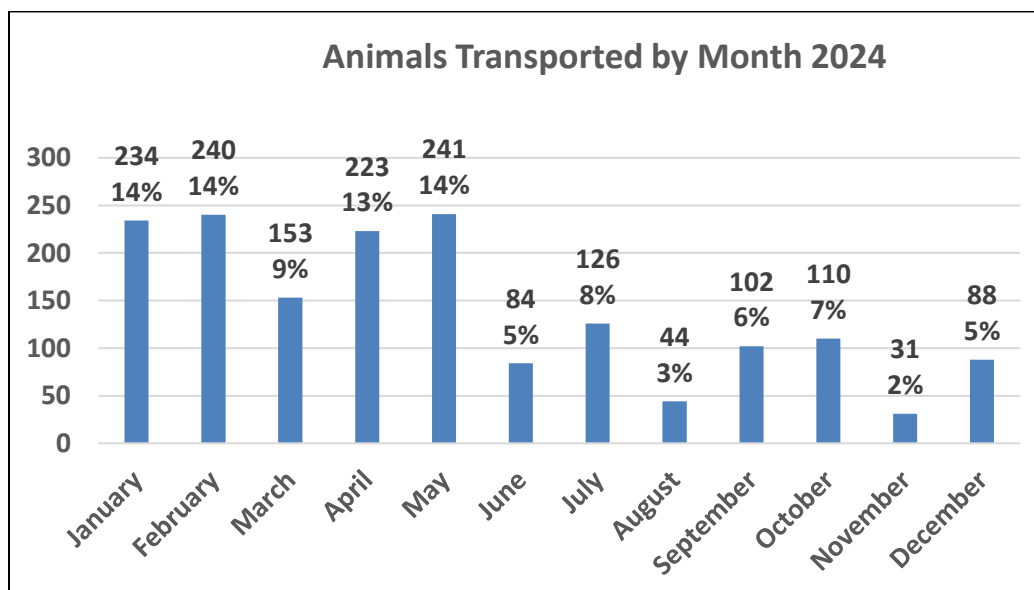

Shelters that participate in the GoNorth project propose healthy, well-socialized candidates for transport. Transport coordinators assemble a roster for transport that is a mix of sizes and breeds. Destination shelters review the proposed rosters. Usually, all candidates are accepted.

Prior to transport, animals are vaccinated, treated for parasites, and heartworm tested (dogs over 6 months only). If they are not spayed or neutered, they will be spayed or neutered at the destination.

On the day of transport, animals are brought to one of several pickup locations. The transport takes place overnight, and the animals sleep through the trip. The transport van arrives at the destination in the early morning, and staff and volunteers welcome the animals.

## Results

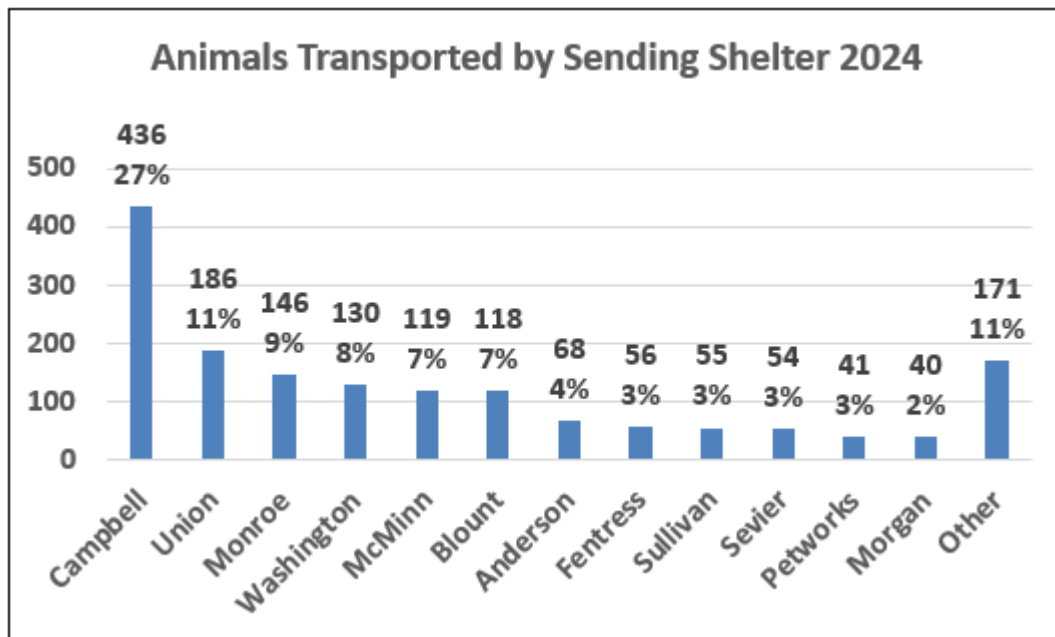

A total of **1676** animals (mostly dogs and puppies) were transported to welcoming destination shelters in 2024. A total of **25,619** animals have been transported from east Tennessee to partner shelters since the program's inception in 2012.

## Sending Shelters

GoNorth primarily assists municipal shelters in east Tennessee. In counties where there is no shelter, animal rescue groups sometimes participate. Below is a list of organizations that sent animals on transport.

Counties participating in GoNorth	Participating organizations

## Destination Shelters

Destinations and the number of animals transported to each are given below.

Destination	Abbreviation in the table below
Atlanta Humane Society (Alpharetta GA)	AHS
Bideawee (Wantagh NY)	Bideawee
Greenville Humane Society (Greenville SC)	GHS
Harbor Humane Society (West Olive MI)	HHS
Mt Pleasant Animal Shelter (East Hanover NJ)	MPAS
PAWS Chicago	PAWS-C
SPCA Cincinnati	SPCA-C
Vorhees Animal Orphanage (Vorhees Township NJ)	VAO
Wisconsin Humane Society (Milwaukee WI)	WHS

As the name implies, GoNorth transports are usually to northern shelters. Two exceptions are the Greenville Humane Society in Greenville, SC, and Atlanta Humane Society in Alpharetta, GA. It is unusual for a southern animal shelter to be a transport destination, and an explanation follows.

These shelters have high adoption demand and have already established transport partnerships with shelters in their region and state to try to meet the demand. Greenville Humane Society (GHS) has over 41 neighboring partners, and Atlanta Humane Society (AHS) has over 100. Even with so many in-state partnerships, these shelters need additional partnerships to meet the adoption demand in their locations. GoNorth has been fortunate to be invited to establish partnerships with GHS and AHS. We did due diligence first, however, to ensure that we would not be displacing opportunities for local or regional animals near these shelters.
